

Maryland Office of People's Counsel
ALERT
UPDATED RESOURCE GUIDES NOW AVAILABLE
September 26, 2012

The Office of People's Counsel (OPC) would like to inform you that our Resource Guides for fiscal year 2013 are now available. Each Resource Guide is county specific and provides information on local, state and federal resources for energy, housing, telephone and emergency needs. We encourage you to share these Resource Guides with other service providers and your clients. The Resource Guides are located on OPC's website at www.opc.state.md.us under "Publications." If you would like a hard copy sent to you, please send an email to Despina at despinas@opc.state.md.us or call 1-800-207-4055.

It is our goal to keep these Resource Guides updated throughout the year. If you have any changes or corrections related to specific programs or have other information that should be included, please contact Despina at 410-767-8150 or by email at despinas@opc.state.md.us.
